Course Description

Understanding music through the study of cultural periods, major composers, and musical elements. Illustrated with audio recordings and live performances. (Does not apply to a music degree.)

This course satisfies a **050 Creative Arts** Core Curriculum requirement.

The purpose of the Creative Arts component in the core curriculum is to provide the student the opportunity to develop an appreciation for the arts through an analysis of creative artifacts and works of the human imagination. This will involve the synthesis and interpretation of artistic expression and enable critical, creative, and innovative communication about works of art.

Core Objectives Addressed:

- Critical Thinking: To include creative thinking, innovation, inquiry, and analysis, evaluation, and synthesis of information
- Communication Skills: To include effective development, interpretation, and expression of ideas through written, oral, and visual communication.
- Teamwork: To include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal.
- Social Responsibility: To include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities.

Student Learning Outcomes

Upon completion of the course, the student will show competence in the course objectives listed below:

- Identify musical works and elements in a variety of styles
- Analyze the elements and structures of music using appropriate terminology
- Critically evaluate the influence of social, political, technological, and/or cultural ideas on music
- Articulate the significance of music as an art form within historical, cultural, and social contexts
