If 5% of this course is missed the student will have to attend mandatory makeup days. If a student refuses to attend makeup days he/she may be at risk of being withdrawn due to excessive absences. Refer to the SPC handbook for more information.

The Class Attendance policies stated below is in the *SPC General Catalog*:

[Students are expected to attend all classes in order to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus.

When an unavoidable reason for class absence arises, such as illness, an official trip authorized by the college or an official activity, the instructor may permit the student to make up work missed. It is the student's responsibility to complete work missed within a reasonable period of time as determined by the instructor. Students are officially enrolled in all courses for which they pay tuition and fees at the time of registration. Should a student, for any reason, delay in reporting to a class after official enrollment, absences will be attributed to the student from the first class meeting.

Students who enroll in a course but have "Never Attended" by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of "X". It is the student's responsibility to be aware of that policy.

It is the student's responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment.]

Consistent with the latest CDC recommendations, we have revised our guidance for students, faculty, and staff who have a known exposure or have tested positive. 1. SPC will follow the recommended 5-day isolation period for individuals that test positive. Please note that day 0 is the date of positive test. Day 1 begins the first full day after the date of positive result. 2. COVID reporting: Students and employees notify DeEtte Edens if they have tested positive. They need to contact DeEtte to verify dates before returning to class or work. The home test are sufficient but students need to submit a photo of the positive result. The date of test must be written on the test result and an ID included in the photo. If tested elsewhere (clinic, pharmacy, etc.), please submit a copy of the doctor's note or email notification. Results may be emailed to DeEtte Edens, BSN, RN at dedens@southplainscollege.edu. A student is clear to return to class without further assessment from me if they have completed: the 5-day isolation period, symptoms have improved and they are afebrile for 24 hours without the use of fever-reducing medication. Please instruct students and employees to communicate with me prior to their return date if still symptomatic at the end of the 5-day isolation. Exposed individuals will not be required to quarantine. If exposed, SPC does request individuals closely monitor themselves. If an individual does become symptomatic, please do not attend class or work and be tested.
